

The fourth round of the series of meetings of judges was held with the presence of selected judges from the provinces of Isfahan, Yazd, Gilan, Hormozgan and Bushehr.

Mr. Bahraman to respected judges:

- Currently, thousands of legal cases in the field of mining are open at the administrative and judicial levels.
- Our country has 7% of the world's mineral reserves, which we must manage by making the right decisions at the right time.
- Your pen is the support of miners and mining activists.

The attendance of the head of IMH on the first specialized commission for the development of non-oil and agricultural exports of the joint chamber of commerce of Iran and Brazil with a focus on synergizing the capacity of the public and private sectors to increase the export of Iranian products to Brazil.
